FIFTIETH ANNUAL REPORT OF THE PRESIDENT.

To the Board of Trustees of St. Luke's Hospital:

In presenting this the fiftieth Annual Report of St. Luke's Hospital and I feel that you will share with me a sense of satisfaction in the volume and character of the work and in the financial position of the Institution as shown in the report of the auditors.

The reduction of real estate values, as shown in the financial statement, is the result of charging off $182,733.42 as depreciation on buildings, and since the close of the fiscal year we have paid off a mortgage on the Indiana Avenue buildings of $22,500 and another on the recently acquired property just south of the Hospital of $10,000. During the year a further sum of $10,000 was paid on the last named property.

I deplore that in view of the fact that absolutely all the available space in the older buildings is being used to its greatest capacity no further increase in the volume of the work may be expected. There has been an increase of about ten per cent. in the amount of free work done, but this was possible by reducing the pay work in the open wards by approximately the same amount. It is doubtful whether it would be wise to make any considerable reduction in the ratio of pay-work as there is a perfectly legitimate demand for pay space which we cannot well ignore.

The demands on the Smith Memorial during the greater portion of the year approach very nearly to its full capacity.

Our most urgent need is more room for open ward patients. We are able to care for more patients and it is to be regretted that the usefulness of the Institution should be limited by lack of beds. There is also an insistent demand for accommodations which may be best described as one grade above the open wards. Space divided into very small single rooms and others to accommodate two or three patients conducted on a

parity with the open wards except as to privacy and visiting privileges is needed to meet the wants of the class who are ill fitted for the open wards, but are unable to pay the usual private room rates. No Hospital in the city meets this demand and this hiatus in the hospital scheme, which provides free beds for the very poor, beds for those who can pay very little and rooms for those able to pay well leaves the very numerous class of people in moderate circumstances with no provision which seems to fit their case.

It has always been a matter of surprise and regret to me that notwithstanding that this institution has for years past demonstrated its capacity for securing results it has not received the support of the charitable public. It would appear as though funds for extensions of plant should be forthcoming without an extended begging campaign. It is possible that the apathy in some measure may be due to the fact that conservative management of this Board has brought the institution to an enviable financial plane without the necessity for soliciting contributions for current expenses and has produced a mistaken idea as to our real needs in the matter of funds for new buildings.

Through the generosity of Miss Helen L. Carter a Solarium was constructed on the roof of the Smith Memorial. It has been designated the "Leslie Carter Solarium" as a tribute to the memory of our late President. This addition to the building is most attractive and adds considerably to our facilities for the comfort of convalescents and those requiring out door treatment.

The Pathological Laboratory has fully justified the expenditures on its account, not only in the excellent service it has rendered in the diagnostic work of the Hospital, but also in investigative work of the highest class.

We are at present working out the details of a new X-ray Department to keep pace with the great developments in this line of work as exemplified in this

country. Our installation and the physicians who will have charge of this department, will insure results equal to the best.

Of the Training School there is need to say little save that it continues on the same lines and with the same success as for years past.

The physical condition of the Hospital property is good and the entire plant is kept in good repair.

It has been as in past years my very pleasant duty to extend to the Woman's Board and its Committees the thanks of the Institution for their continued efficient and substantial aid.

I desire to give expression to our keen appreciation of the interest shown by all connected with the Hospital, and especially for the efficient services rendered by our Superintendent and by the Officers, and all persons employed under their direction; and of the invaluable assistance rendered by the Woman's Board and its different Committees.

Reference is made to the various Reports which follow as to details of the work of the Hospital.

William J. Bryson,
President.

SUPERINTENDENT'S REPORT.

To the Board of Trustees:

I beg to submit herewith my report for the year ending September 30, 1912.

It is gratifying to say that the auditors report will doubtless be satisfactory and that we are prepared to pay off the remaining mortgage indebtedness on the property recently acquired south of the Hospital on Indiana Avenue.

The report of work done shows only a slight increase in volume, but this is to be expected as the work approached in nearly all departments very nearly the practical maximum possible with our present accommodations. There was an increase of about ten per cent. in the number of free patient days, but this was at the cost of rejecting a like amount of pay work in the open wards. We have given a preference to free patients over those who were able to pay or whose expenses were to be paid by employers or others.

The insufficient space in the open wards imposes a limit on the charity work of the Institution and this is to be regretted as we have both the organization and the means to care for a largely increased number of free patients.

In the tentative plans, which were drawn for a comprehensive scheme for new buildings, provision was made for a low building to occupy space in the southern and rear portions of the one hundred feet south of the Hospital now vacant. The purpose of this building was to provide temporary ward accommodations during the construction period and to be used as a dormitory for employes after the completion of a new hospital building. It has been suggested that we relieve the present condition by anticipating new buildings as a whole by the construction of the above described building at this time. It would afford space

for the laundry in the basement and about eighty beds for patients in the upper floors. It would not be a detriment in any material degree to existing buildings.

It should be understood, however, that such a building would be planned and constructed as inexpensively as is consistent with a durable, substantial and wholly fire-proof building and with due regard for its ultimate use. It would not provide ideal accommodations for patients, but would be, at least, equal to our present wards and would afford better opportunities for segregation.

We are making consistent progress in the direction of better and more scientific work. The Pathological and Bacteriological Laboratory is making a name for itself, not alone for high class routine work but also along investigative lines.

The X-ray Laboratory, while not yet complete, is showing results which are very helpful, not alone to the surgeons, but in all departments of the Hospital. The former policy of securing a nurse especially skilled for each department is being continued with good results.

No great changes have been made during the year, but the property has been kept in good physical condition. In some of the working portions of the plant we are beginning to feel seriously cramped for room. The laundry is being operated under very adverse conditions. While our equipment is good and is in every way adequate, the available space does not admit of the best class of work nor of the most economical operation. The same is true of the linen rooms and store rooms.

The constantly increasing cost of nearly all supplies and in the pay-roll continues to present a difficult

problem, but the financial results of the year indicate that it can be solved for the time being by close buying and economy in the use of supplies.

For details reference is made to the statistical figures and reports which follow.

Respectfully,
Louis R. Curtis,
Superintendent.

We have had no change on the Official Staff for the past two years, which has added considerably to the smooth running of the Training School Department, and the comfort of all concerned. The new class room in Stickney House is very much appreciated by every one. The ventilation is excellent, and we have the necessary light and quiet. The Instructors especially appreciate the room as they have no difficulty in making themselves heard in it, which was impossible in the old room, where the ceilings were so high. The Demonstration Room which has been a dream of Miss Eldredge's ever since she has been instructress in practical work, has become a reality, and what is now, wanted to make it complete is a model, adult size, with which to illustrate for the preliminary class the methods of handling patients. Our night nurses have been given shorter hours, instead of being on duty from

7:30 P. M. until 8 A. M. they report at 9:30 P. M. and are relieved at 7:30 A. M. We find this change of much benefit to the general health of the nurses. The infirmary consisting of three rooms, with individual baths, is an improvement, here, when a nurse has to be off duty, and yet is not ill enough to be admitted to the hospital as a patient, she can be properly cared for, and what is very important in the case of a sore throat, isolated. In Stickney House the small laundry and kitchen combined, has proved a success. It is fitted with stationary washtubs, a drier, ironing boards, and a stove, for the use of the pupils.

It is now a quarter of a century since the first class graduated, during this period nine hundred and eight young women have entered the Training School. Of these four hundred and three have graduated. One hundred and twenty-seven are engaged in private duty, the majority in Chicago, one hundred and thirty-two are married, seventy-eight have institutional or other positions, forty-eight are at home and eighteen have died. The following positions have been filled by our graduates during the past year:

Assistant Sup't. Good Samaritan Hospital, Los Angeles, Calif.
Miss Grace Ream.
Surgical Nurse Good Samaritan Hospital, Los Angeles, Calif.
Miss E. Bender.
Head Nurse, Surgical Department, Good Samaritan Hospital, Los Angeles, Calif.

Directress of Nurses.

CHAPLAIN'S REPORT.

To the Board of Trustees of St. Luke's Hospital:

GENTLEMEN: It gives me great pleasure to report that I have been able to prosecute my work as Chaplain during the year without any unusual interruptions.

The Chapel services have been maintained as usual, much appreciated by convalescing patients, able to attend, as also by the members of the Training School.

It is my custom to hold a short service in two or more of the wards each evening. The patients welcome these services most heartily. As occasion offers the holy communion is administered to the bedridden.

A great part of my time is spent with the patients individually, ministering to them in such ways as lie in my power. As I have just rounded out thirteen years of my incumbency the circle of hospital acquaintances has become a very large one, and the opportunities for follow-up work are many, making great demands on my time.

Though the relationship existing between Chaplain and patient is but temporary in the vast majority of cases, yet the fruits of my labors are so apparent as to make the work most gratifying and encouraging.

The special opportunities offered us during the Christmas season for good work among the members of the Hospital family suggest a wide field of influence to be taken advantage of when in the future we have the increased facilities of which we now entertain such fond hopes.

During the year I have had sixteen baptisms and officiated at ten burials.

To those of our friends who have donated reading matter I wish to express my sincere thanks. Current numbers of magazines and copies of standard books suitable for patients, especially children's illustrated books, are always most acceptable.

Respectfully,
GEORGE DEMING WRIGHT,
Chaplain.

...RULES...

AS TO

ROOMS, BEDS AND ENDOWMENTS,

SUBJECT TO THE RULES GOVERNING THE ADMISSION OF PATIENTS TO THE HOSPITAL

1. A donation of $10,000 endows a private room in perpetuity, and the endower shall have the privilege of naming the room.
2. A donation of $5,000 endows a bed in an open ward in perpetuity.
3. A donation of $300 supports a bed in an open ward for one year.
4. A donation of $3,000 endows a bed in an open ward during the life-time of the donor.
5. Any room not endowed may be granted by the Trustees to the endower of a bed during his life-time, and he may, during that period, enjoy all the privileges accruing in perpetuity from the endowment of the room, in addition to the perpetual privileges accruing from the endowment of a bed. An additional endowment of $5,000, at any time, shall endow said room in perpetuity.
6. Any room, not endowed and not granted as provided in Section 4, may be granted by the Trustees, to the supporter of a bed, and he may, during the year in which he supports the bed, enjoy the privileges accruing in perpetuity from the endowment of a room, subject to termination at the close of any year.
7. No ward, or other division of the Hospital, shall be named without action of the Trustees.

Note.—The endowment of a bed entitles the endower to nominate one patient at a time to an open ward bed free of charge at any time when there is such a bed vacant, and, if all the beds are filled, to the preference over other applicants when a bed becomes vacant.

If an endower desires any service from the Hospital in excess of that furnished the open wards, a bill will be rendered at current rates, and the current ward charge, which is at present $10.00 per week, will be credited to the endower on the bill.

The endower of a bed in perpetuity has the right to name a successor, which right to name a successor shall belong to each successor. If an endower or his successor fails to name a successor it will be deemed to lodge the right in the Trustees of the Hospital, who will thereafter exercise the right of nomination to the endowed bed.

THE PERSONS NOMINATED TO FREE BEDS SHOULD BE WORTHY SUBJECTS FOR SUCH CHARITY.

REPORT OF THE PRESIDENT.

I take pleasure in submitting herewith my Annual Report of the Woman's Board of St. Luke's Hospital. The work accomplished by the different Committees has been most satisfactory and great interest has been shown.

I desire to advise the members of the Board and other friends of our appreciation of their many gifts and general support.

Respectfully submitted,
REBECCA ROZET HUNT,
President.

Free and Part Pay Patients

The Hospital cares for an average of about one hundred wholly free patients and will, when there are vacant beds in the open wards, receive patients whose means are limited for any sum which they may be able to pay, and those without means as free patients, provided they are admissible under the rule governing the admission of patients.

Applications of the admission of patients, who are unable to apply in person, must be made prior to sending them, and should be made between the hours of nine A. M. and five P. M. All promises of admission are made subject to the result of an examination, as to admissibility, on their arrival at the Hospital.

Persons making application on behalf of others should be able to furnish concise information on the following points:

The nature of the disease or injury.

The duration of the disease or the date of the injury.

Present condition of the patient.

What treatment if any has been received?

Is the patient able to pay the full rate, or pay in part, or is he or she a proper subject for admission as a free patient?

Patients will in the usual course be received only between the hours of nine A. M. and five P. M., but emergency cases will be received at any hour.

EXTRACT FROM THE RULES

"The Hospital is for the treatment of acute, curable, non-contagious diseases and injuries. The following are inadmissible: Sufferers from contagious, dangerously infectious, or incurable diseases, cancers of an incurable and offensive nature, drug habits, delirium tremens, insanity, venereal diseases, phthisis and persons whose presence in the wards would be prejudicial to the welfare of the other patients."

"Patients who refuse to accept the treatment prescribed by the Medical Staff, or refuse to comply with the reasonable instructions of the physicians or nurses, or who wilfully violate the rules of the Hospital will be discharged."

Chairman.

...Private Rooms...

The private rooms of the Hospital are maintained for the benefit of those who desire superior accommodations and are able to pay the Hospital charges in full.

The reputable and otherwise acceptable physicians of the city are invited to treat their patients in the private rooms. They will have at their disposal all the facilities of the institution.

RATES:

Rooms (2 and 3 beds), $14 to $20 each bed per week. Single rooms $20 and upward per week. Special Nurse, undergraduate, $15 per week. Special Nurse, graduate, $25 per week.

A charge of $10 is made for use of delivery room for Obstetric cases.

Rates are the same whether the patient be a child or an adult.

The rates named include room, board, ordinary medicines and dressings, the services of the nurse of the ward, and of the House Staff. All fractions of a day with be charged for as a day.

An extra charge will be made for examinations made in the Pathological Laboratory and X-Ray Laboratory, for the use of the operating room, for the services of special nurses when they are required, either by order of the Attending Physician or Surgeon, or to meet the demands of the patient, and for all extraordinary articles of diet, wines, medicines, apparatus, dressings, etc.

Friends of patients will be accommodated with room and board (the regular bill of fare only) when conditions will permit. The rate for any room will be the same as though occupied by a patient.

Personal clothing will not be furnished patients, nor will patients' clothing be laundered.

The Hospital will not be responsible for money or valuables unless they are deposited in the office for safe keeping.

Visitors will be admitted between the hours of 10 A. M. and 9 P. M., unless their presence is deemed prejudicial to the welfare of the patient.

Complaints should be made directly to the Superintendent.

All bills are payable strictly in advance.

...Open Wards. .

The maximum rate is $10 per week. Patients are admitted at reduced rates or free when circumstances warrant it.

AS TO FEES:

Pay patients should make their own arrangements as to fees with the members of the Medical Board by whom they are treated.

"No member of the Attending Staff will make any charge for professional services for attendance upon any patient who does not pay in full the Hospital charge for board, room and nursing; where the patient is nominated by the endower of a bed or room, but is nevertheless able to pay for the services of the physician or surgeon in charge, physicians' or surgeons' fees may be charged, if in the discretion of the Hospital authorities it is thought just and proper.

"The services of the Attending Staff are gratuitous to all patients who, in the judgment of the Hospital authorities, are unable to pay for the same.

"No officer, interne, nurse or servant is allowed to receive any fee or gift from a patient without the formal permission of the Board of Trustees."
